

## Engine Number Nine

Text & Musik: Wolfgang E. Hering / Bernd Meyerholz  
Aus der CD: Sing and play- Hooray!

1. Engine, engine Number Nine  
Going down Chicago Line.  
If the train goes off the track,  
I want my money back.

2. Train starts off, train starts off.  
Train moves out and coaches, too.  
Train starts off, train moves out  
And coaches, too.

3. Round the bend, round the bend,  
Train is rattling through the land.  
Coming round the bend,  
coming round the bend,  
Rattling through the land.

4. Through the tunnel, through the tunnel,  
Going slowly through the tunnel.  
Everything is very dark,  
Everything is dark.

5. Slowly, slowly goes the train,  
Train goes slowly through the rain,  
Through the rain, through the rain,  
Slowly goes the train.

6. Bridge comes up, bridge comes up,  
Whistle and blow, a bridge comes up.  
Train goes straight under the bridge,  
Under the highway bridge.

7. Train goes fast, train goes fast,  
Fast train goes so very fast,  
Going hundreds miles, more  
than hundred miles,  
A hundred miles an hour.

8. Station comes, station comes,  
Train slows down, the station comes.  
Wheels stand still, wheels stand still,  
All the wheels stand still.
