

Mr. Weatherman

Text & Musik: Bernhard Hering / Wolfgang E. Hering / Bernd Meyerholz
Aus der CD: Sing and play- Hooray!

1. When the weather's dark and dreary,
And we're feeling sad and weary,
Mister Weatherman let your colours
glow,
Paint the sky with a big rainbow.
When the rain beats on the window pane,
And we think we'll never
see the sun again,
Mister Weatherman do your stuff,
Turn that great big rain tap off.

Chorus:

Dear Mister Weatherman,
Do what we know you can,
Do what we know you can,
Do what we know you can.
Dear Mister Weatherman,
Do what we know you can,
Do what we know you can.
Let the sun come out!

2. When the playground's grey and wet,
We're as bored as we can get,
Mister Weatherman with
all your might –
Warm the air up – we want
to play outside.
Cold winds have us in their grip,
Make our eyes stream and noses drip,
Mister Weatherman, do be nice,
Send us your South wind to melt the ice.

3. Now we see the lightning fl ash,
All around us hear the thunder crash!
Mister Weatherman be quiet, please.
We want to sleep and get some peace.
Turn your sun lamp right up high,
Clear those grey clouds out of the sky,
Blow the fog and drizzle away.
We'd like to have a sunny day.
